

# INDEX

	PAGE
Additional Coefficients of Heat Transfer as Measured under Natural Weather Conditions, by F. C. HOUGHTEN, CARL GUTBERLET AND C. G. F. ZOBEL	151
Discussion on.....	161
AINESWORTH, MR., Discussion on Analysis of the Over-All Efficiency of a Residence Heated by Warm Air.....	375
Air, Analysis of the Over-All Efficiency of a Residence Heated by Warm, by A. P. KRATZ AND J. F. QUEREAU.....	361
Air by Impingement, Determining the Quantity of Dust in, by F. B. ROWLEY AND JOHN BEAL .....	483
Air Conditioning Problems, Heat and Moisture Losses from the Human Body and Their Relation to, by F. C. HOUGHTEN, W. W. TEAGUE, W. ED. MILLER AND W. P. YANT.....	245
Air Conditioning System of a Detroit Office Building, by H. L. WALTON AND L. L. SMITH.....	377
Discussion on .....	388
Air Infiltration Through Various Types of Brick Wall Construction, by G. L. LARSON, C. BRAATZ AND D. W. NELSON.....	183
Discussion on.....	191
Air Spaces, Thermal Resistance of, by F. B. ROWLEY AND A. B. ALGREN.....	165
Air Velocity, Instruments for the Measurement of, by J. H. PARKIN.....	499
Air Volume Output of Unit Heaters, Heat and, by L. S. O'BANNON.....	457
ALGREN, A. B., BLACKSHAW, J. L., AND ROWLEY, F. B., Over-All Heat Transmission Coefficients Obtained by Tests and by Calculation.....	443
ALGREN, A. B., AND ROWLEY, F. B., Thermal Resistance of Air Spaces.....	165
Amendments to the Constitution and By-Laws.....	36
Discussion on.....	37
Analysis of the Over-All Efficiency of a Residence Heated by Warm Air, by A. P. KRATZ AND J. F. QUEREAU.....	361
Discussion on.....	372
ANDERSON, F. PAUL, Discussion on Heating with Steam Below Atmospheric Pressure .....	225
Discussion on Report of Committee on Rating Low-Pressure Heating Boilers .....	21, 24, 25, 26, 27
ANGUS, H. H., Discussion on Pipe Sizes for Hot Water Heating Systems.....	439
Annual Meeting, 1929, Thirty-Fifth.....	1
Application of Oil Burners to Various Types of Domestic Heating Systems, by J. H. McILVAINE.....	195
Discussion on.....	201
Appraising Insulations, Five Suggested Methods of, by P. D. CLOSE.....	519
Architectural Aspects of Concealed Heaters, by J. H. MILLIKEN AND H. C. MURPHY .....	137
Discussion on.....	146

ARKLEY, L. M., Discussion on Analysis of the Over-All Efficiency of a Residence Heated by Warm Air.....	374
Discussion on Time Lag as a Factor in Heating Engineering Practice.....	550
ASHENHURST, H. S., Discussion on Over-All Heat Transmission Coefficients Obtained by Tests and by Calculation.....	454
A.S.H.&V.E. Performance Test Code for Steam Heating Solid Fuel Boilers....	332
Aspects of Concealed Heaters, Architectural, by J. H. MILLIKEN AND H. C. MURPHY .....	137
Atmospheric Pressure, Heating with Steam Below, by C. A. THINN.....	211
BEAL, JOHN, AND ROWLEY, F. B., Determining the Quantity of Dust in Air by Impingement .....	483
BINDER, C. G., Discussion on Laundry, Kitchen and Hospital Equipment.....	71
BLACKSHAW, J. L., ROWLEY, F. B., AND ALGREN, A. B., Over-All Heat Transmission Coefficients Obtained by Tests and by Calculation.....	443
BLOOM, S. C., Cooling and Humidifying of Buildings.....	309
Discussion on.....	318
Body and Their Relation to Air Conditioning Problems, Heat and Moisture Losses from the Human, by F. C. HOUGHTEN, W. W. TEAGUE, W. ED. MILLER AND W. P. YANT.....	245
BOLSINGER, R. C., Discussion on Investigation of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and Shields.....	116
Discussion on Pipe Sizes for Hot Water Heating Systems.....	440
Discussion on Time Lag as a Factor in Heating Engineering Practice.....	550
BRAATZ, C., NELSON, D. W., AND LARSON, G. L., Air Infiltration Through Various Types of Brick Wall Construction.....	183
BRABÉE, C. W., Discussion on Investigation of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and Shields.....	110
Discussion on Report of Committee on Rating Low-Pressure Heating Boilers .....	25, 26
BRACKEN, J. H., Discussion on Five Suggested Methods of Appraising Insulations	533
Branches for One- and Two-Pipe Systems, Capacity of Radiator Supply, by F. C. HOUGHTEN, M. E. O'CONNELL AND CARL GUTBERLET.....	399
BREWSTER, D. R., Discussion on Air Infiltration Through Various Types of Brick Wall Construction.....	194
Brick Wall Construction, Air Infiltration Through Various Types of, by G. L. LARSON, C. BRAATZ AND D. W. NELSON.....	183
BROWN, A. I., Discussion on Experiments on the Effect of Surface Paints on Radiator Performance.....	132
Building, Air Conditioning System of a Detroit Office, by H. L. WALTON AND L. L. SMITH.....	377
Buildings, Cooling and Humidifying of, by S. C. BLOOM.....	309
Burners to Various Types of Domestic Heating Systems, Application of Oil, by J. H. McILVAINE.....	195
Calculation, Over-All Heat Transmission Coefficients Obtained by Tests and by, by F. B. ROWLEY, A. B. ALGREN AND J. L. BLACKSHAW.....	443
CALLAGHAN, P. F. JR., Discussion on Architectural Aspects of Concealed Heaters	149
CAMPBELL, E. K., Discussion on Amendments to the Constitution and By-Laws..	39

Discussion on Experiments on the Effect of Surface Paints on Radiator Performance .....	134, 135
Discussion on Heating with Steam Below Atmospheric Pressure.....	224
Discussion on Investigation of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and Shields.....	116
Capacity of Radiator Supply Branches for One- and Two-Pipe Systems, by F. C. HOUGHTEN, M. E. O'CONNELL AND CARL GUTBERLET .....	399
Discussion on .....	412
CARRIER, W. H., Discussion on Architectural Aspects of Concealed Heaters....	147
Discussion on Capacity of Radiator Supply Branches for One- and Two-Pipe Systems .....	414
Discussion on Frost and Condensation on Windows.....	307
Discussion on Heating with Steam Below Atmospheric Pressure.....	231
Discussion on Instruments for the Measurement of Air Velocity.....	516
Discussion on Report of Committee on Rating Low-Pressure Heating Boilers .....	20, 24, 25
Discussion on Summer Comfort Zone: Climate and Clothing, The.....	285
Discussion on Thermal Resistance of Air Spaces.....	180
CASSELL, J. D., Discussion on Air Infiltration Through Various Types of Brick Wall Construction .....	194
Discussion on Five Suggested Methods of Appraising Insulations.....	535
Discussion on Laundry, Kitchen and Hospital Equipment.....	72
CAUBLE, LAURA A., Discussion on Application of Oil Burners to Various Types of Domestic Heating Systems.....	207
Charts, Low Humidity Psychrometric, by M. C. W. TOMLINSON.....	287
CHESTER, THOMAS, Discussion on Air Conditioning System of a Detroit Office Building .....	388
Climate and Clothing, The Summer Comfort Zone: by C. P. YAGLOU AND PHILIP DRINKER .....	269
CLOSE, P. D., Five Suggested Methods of Appraising Insulations.....	519
Discussion on .....	538
Discussion on Frost and Condensation on Windows.....	305
Discussion on Thermal Resistance of Air Spaces.....	175
Clothing, The Summer Comfort Zone: Climate and, by C. P. YAGLOU AND PHILIP DRINKER.....	269
CLOW, M. T., Discussion on Experiments on the Effects of Surface Paints on Radiator Performance.....	129
Discussion on Investigation of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and Shields.....	117
Code for Steam Heating Solid Fuel Boilers, A.S.H.&V.E. Performance Test Codes for Testing Low-Pressure Steam Heating Solid Fuel Boilers, Standard and Short Form Heat Balance.....	322
Coefficients Obtained by Tests and by Calculation, Over-All Heat Transmission, by F. B. ROWLEY, A. B. ALGREN AND J. L. BLACKSHAW.....	443
Coefficients of Heat Transfer as Measured under Natural Weather Conditions, Additional, by F. C. HOUGHTEN, CARL GUTBERLET AND C. G. F. ZOBEL..	151
Comfort Zone: Climate and Clothing, The Summer, by C. P. YAGLOU AND PHILIP DRINKER .....	269
Concealed Heaters, Architectural Aspects of, by J. H. MILLIKEN AND H. C. MURPHY .....	137

Condensation on Windows, Frost and, by L. W. LEONHARD AND J. A. GRANT...	295
Conditioning Problems, Heat and Moisture Losses from the Human Body and Their Relation to Air, by F. C. HOUGHTEN, W. W. TEAGUE, W. ED. MILLER AND W. P. YANT.....	245
Conditioning System of a Detroit Office Building, Air, by H. L. WALTON AND L. L. SMITH.....	377
Conditions, Additional Coefficients of Heat Transfer as Measured under Natural Weather, by F. C. HOUGHTEN, CARL GUTBERLET AND C. G. F. ZOBEL...	151
Construction, Air Infiltration Through Various Types of Brick Wall, by G. L. LARSON, C. BRAATZ AND D. W. NELSON.....	183
Cooling and Humidifying of Buildings, by S. C. BLOOM.....	309
Discussion on.....	313
CRAWFORD, W. B., Discussion on Heating with Steam Below Atmospheric Pressure .....	227
DeLAND, C. W., Discussion on Analysis of the Over-All Efficiency of a Residence Heated by Warm Air.....	376
Determining the Quantity of Dust in Air by Impingement, by F. B. ROWLEY AND JOHN BEAL.....	483
Discussion on.....	495
Detroit Office Building, Air Conditioning System of a, by H. L. WALTON AND L. L. SMITH.....	377
DICKEY, A. J., Discussion on Heating with Steam Below Atmospheric Pressure Discussion on	232
Additional Coefficients of Heat Transfer as Measured Under Natural Weather Conditions.....	161
Air Conditioning System of a Detroit Office Building.....	388
Air Infiltration Through Various Types of Brick Wall Construction.....	191
Amendments to the Constitution and By-Laws.....	36
Analysis of the Over-All Efficiency of a Residence Heated by Warm Air..	372
Application of Oil Burners to Various Types of Domestic Heating Systems	201
Architectural Aspects of Concealed Heaters.....	146
Capacity of Radiator Supply Branches for One- and Two-Pipe Systems...	412
Cooling and Humidifying of Buildings.....	313
Determining the Quantity of Dust in Air by Impingement.....	495
Errors in the Measurement of the Temperature of Flue Gases.....	481
Experiments on the Effect of Surface Paints on Radiator Performance...	129
Five Suggested Methods of Appraising Insulations.....	530
Frost and Condensation on Windows.....	304
Heat and Air Volume Output of Unit Heaters.....	468
Heat and Moisture Losses from the Human Body and Their Relation to Air Conditioning Problems.....	267
Heating with Steam Below Atmospheric Pressure.....	221
Instruments for the Measurement of Air Velocity.....	499
Investigation of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and Shields.....	100
Laundry, Kitchen and Hospital Equipment.....	71
Over-All Heat Transmission Coefficients Obtained by Tests and by Calculation .....	454
Pipe Sizes for Hot Water Heating Systems.....	439

Report of Committee on Rating Low-Pressure Heating Boilers.....	17
Summer Comfort Zone: Climate and Clothing, The .....	283
Thermal Resistance of Air Spaces .....	175
Time Lag as a Factor in Heating Engineering Practice .....	550
Domestic Heating Systems, Application of Oil Burners to Various Types of, by J. H. McILVAINE .....	195
DONNELLY, J. A., Discussion on Heating with Steam Below Atmospheric Pres- sure .....	221
DOWNES, N. W., Discussion on Investigation of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and Shields.....	115
DRINKER, PHILIP, AND YAGLOU, C. P., The Summer Comfort Zone: Climate and Clothing .....	269
DUFFIELD, T. J., Discussion on Frost and Condensation on Windows.....	305
Discussion on The Summer Comfort Zone: Climate and Clothing.....	283
Dust in Air by Impingement, Determining the Quantity of, by F. B. ROWLEY AND JOHN BEAL .....	483
EATON, B. K., Discussion on Application of Oil Burners to Various Types of Domestic Heating Systems.....	203, 208
EBIN, LOUIS, Discussion on Capacity of Radiator Supply Branches for One- and Two-Pipe Systems .....	412
Effect of Surface Paints on Radiator Performance, Experiments on the, by C. H. FESSENDEN AND AXEL MARIN.....	119
Efficiency of a Residence Heated by Warm Air, Analysis of the Over-All, by A. P. KRATZ AND J. F. QUEREAU.....	361
ELMENDORF, ARMIN, Discussion on Air Infiltration Through Various Types of Brick Wall Construction .....	192
Discussion on Thermal Resistance of Air Spaces.....	177
EMSWILER, J. E., Discussion on Frost and Condensation on Windows.....	304
Enclosures and Shields, Investigation of Heating Rooms with Direct Steam Radiators Equipped with, by A. C. WILLARD, A. P. KRATZ, M. K. FAHNESTOCK AND S. KONZO.....	77
Engineering Practice, Time Lag as a Factor in Heating, by JAMES GOVAN.....	539
Equipment, Laundry, Kitchen and Hospital, by H. C. RUSSELL.....	45
Errors in the Measurement of the Temperature of Flue Gases, by P. NICHOLLS AND W. E. RICE.....	473
Discussion on.....	481
EVANS, E. C., Discussion on Air Infiltration Through Various Types of Brick Wall Construction.....	194
Discussion on Application of Oil Burners to Various Types of Domestic Heating Systems.....	201, 202
Discussion on Determining the Quantity of Dust in Air by Impingement...	497
Experiments on the Effect of Surface Paints on Radiator Performance, by C. H. FESSENDEN AND AXEL MARIN.....	119
Discussion on.....	129
FABER, GUY S., Discussion on Heating with Steam Below Atmospheric Pressure	224
Factor in Heating Engineering Practice, Time Lag as a, by JAMES GOVAN.....	539
FAHNESTOCK, M. K., KONZO, S., WILLARD, A. C., AND KRATZ, A. P., Investiga- tion of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and Shields.....	77

Fan Performance in Terms of Direct Pressure-Quantity Relations, Ratio of Opening of, by G. E. McELROY.....	233
FARNHAM, ROSWELL, Discussion on Amendments to the Constitution and By-Laws .....	40
FESSENDEN, C. H., Discussion on Experiments on the Effect of Surface Paints on Radiator Performance.....	134, 135
FESSENDEN, C. H., AND MARIN, AXEL, Experiments on the Effect of Surface Paints on Radiator Performance.....	119
Five Suggested Methods of Appraising Insulations, by PAUL D. CLOSE.....	519
Discussion on.....	530
Flue Gases, Errors in the Measurement of the Temperature of, by P. NICHOLLS AND W. E. RICE .....	473
FRENCH, D. E., Discussion on Heat and Air Volume Output of Unit Heaters.....	469, 472
Frost and Condensation on Windows, by L. W. LEONHARD AND J. A. GRANT... Discussion on.....	295 304
FROST, R. V., Discussion on Analysis of the Over-All Efficiency of a Residence Heated by Warm Air .....	373
Discussion on Capacity of Radiator Supply Branches for One- and Two-Pipe Systems .....	416
Discussion on Errors in the Measurement of the Temperature of Flue Gases .....	481
Discussion on Heating with Steam Below Atmospheric Pressure.....	222
Discussion on Report of Committee on Rating Low-Pressure Heating Boilers .....	29
Gases, Errors in the Measurement of the Temperature of Flue, by P. NICHOLLS AND W. E. RICE.....	473
GIESECKE, F. E., Discussion on Capacity of Radiator Supply Branches, for One- and Two-Pipe Systems.....	415
Discussion on Heating with Steam Below Atmospheric Pressure.....	223
Discussion on Instruments for the Measurement of Air Velocity.....	515
Discussion on Pipe Sizes for Hot Water Heating Systems.....	440
Discussion on Time Lag as a Factor in Heating Engineering Practice.....	551
GIESECKE, F. E., AND SMITH, E. G., Pipe Sizes for Hot Water Heating Systems .....	419
GOVAN, JAMES, Time Lag as a Factor in Heating Engineering Practice.....	539
Discussion on.....	550, 551, 552
Discussion on Air Conditioning System of a Detroit Office Building.....	393
GRANT, J. A., AND LEONHARD, L. W., Frost and Condensation on Windows....	295

Discussion on Heating with Steam Below Atmospheric Pressure.....	229
Discussion on Investigation of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and Shields.....	116
Discussion on Report of Committee on Rating Low-Pressure Heating Boilers .....	27
Methods of Appraising Insulations, Five Suggested, by P. D. CLOSE.....	519
MILENER, E. D., Discussion on Instruments for the Measurement of Air Velocity.....	517
MILES, J. C., Discussion on Architectural Aspects of Concealed Heaters.....	148
MILLER, W. ED., YANT, W. P., HOUGHTEN, F. C., AND TEAGUE, W. W., Heat and Moisture Losses from the Human Body and Their Relation to Air Conditioning Problems.....	245
MILLIKEN, J. H., Discussion on Architectural Aspects of Concealed Heaters.....	146, 149
MILLIKEN, J. H., AND MURPHY, H. C., Architectural Aspects of Concealed Heaters .....	137

Moisture Losses from the Human Body and Their Relation to Air Conditioning Problems, Heat and, by F. C. HOUGHTEN, W. W. TEAGUE, W. ED. MILLER, AND W. P. YANT.....	245
MURPHY, H. C., Discussion on Architectural Aspects of Concealed Heaters...	149
MURPHY, H. C., AND MILLIKEN, J. H., Architectural Aspects of Concealed Heaters .....	137
Natural Weather Conditions, Additional Coefficients of Heat Transfer as Measured under, by F. C. HOUGHTEN, CARL GUTBERLET AND C. G. F. ZOBEL .....	151
NELSON, D. W., LARSON, G. L., AND BRAATZ, C., Air Infiltration Through Various Types of Brick Wall Construction .....	183
NESBITT, A. J., Discussion on Heating with Steam Below Atmospheric Pressure .....	224, 232
NICHOLLS, PERCY, Discussion on Investigation of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and Shields.....	117
Discussion on Thermal Resistance of Air Spaces.....	180
NICHOLLS, P., AND RICE, W. E., Errors in the Measurement of the Temperature of Flue Gases.....	473
NOBIS, H. M., Discussion on Pipe Sizes for Hot Water Heating Systems.....	440
O'BANNON, L. S., Heat and Air Volume Output of Unit Heaters.....	457
Discussion on.....	471
O'CONNELL, M. E., GUTBERLET, CARL, AND HOUGHTEN, F. C., Capacity of Radiator Supply Branches for One- and Two-Pipe Systems.....	399
Office Building, Air Conditioning System of a Detroit, by H. L. WALTON AND L. L. SMITH.....	377
Oil Burners to Various Types of Domestic Heating Systems, Application of, by J. H. MCILVAINE.....	195
One- and Two-Pipe Systems, Capacity of Radiator Supply Branches for, by F. C. HOUGHTEN, M. E. O'CONNELL AND CARL GUTBERLET.....	399
Output of Unit Heaters, Heat and Air Volume, by L. S. O'BANNON.....	457
Over-All Efficiency of a Residence Heated by Warm Air, Analysis of the, by A. P. KRATZ AND J. F. QUEREAU.....	361
Over-All Heat Transmission Coefficients Obtained by Tests and by Calculation, by F. B. ROWLEY, A. B. ALGREN AND J. L. BLACKSHAW.....	443
Discussion on.....	454
Paints on Radiator Performance, Experiments on the Effect of Surface, by C. H. FESSENDEN AND AXEL MARIN.....	119
PARKIN, J. H., Instruments for the Measurement of Air Velocity.....	499
PEARCE, G. T., Discussion on Five Suggested Methods of Appraising Insulations .....	537
Discussion on Time Lag as a Factor in Heating Engineering Practice.....	551
Performance, Experiments on the Effect of Surface Paints on Radiator, by C. H. FESSENDEN AND AXEL MARIN.....	119
Performance in Terms of Direct Pressure-Quantity Relations, Ratio of Opening of Fan, by G. E. MCILROY.....	233
Pipe Sizes for Hot Water Heating Systems, by F. E. GIESECKE AND E. G. SMITH .....	419
Discussion on.....	439

Pipe Systems, Capacity of Radiator Supply Branches for One- and Two-, by F. C. HOUGHTEN, M. E. O'CONNELL AND CARL GUTBERLET.....	399
Practice, Time Lag as a Factor in Heating Engineering, by JAMES GOVAN....	539
Pressure, Heating with Steam Below Atmospheric, by C. A. THINN.....	211
Pressure-Quantity Relations, Ratio of Opening of Fan Performance in Terms of Direct, by G. E. McELROY.....	233
Problems, Heat and Moisture Losses from the Human Body and Their Relation to Air Conditioning, by F. C. HOUGHTEN, W. W. TEAGUE, W. ED. MILLER AND W. P. YANT.....	245
Program, Semi-Annual Meeting, 1929.....	359
Program, Thirty-Fifth Annual Meeting.....	42
Proposed Revision of January, 1929, A.S.H.&V.E. Code for Rating Steam Heating Solid Fuel Boilers .....	353
Psychrometric Charts, Low Humidity, by M. C. W. TOMLINSON.....	287
Quantity of Dust in Air by Impingement, Determining the, by F. B. ROWLEY AND JOHN BEAL.....	483
QUEREAU, J. F., AND KRATZ, A. P., Analysis of the Over-All Efficiency of a Residence Heated by Warm Air.....	361
Radiator Performance, Experiments on the Effect of Surface Paints on, by C. H. FESSENDEN AND AXEL MARIN.....	119
Radiator Supply Branches for One- and Two-Pipe Systems, Capacity of, by F. C. HOUGHTEN, M. E. O'CONNELL AND CARL GUTBERLET.....	399
Radiators Equipped with Enclosures and Shields, Investigation of Heating Rooms with Direct Steam, by A. C. WILLARD, A. P. KRATZ, M. K. FAHNESTOCK AND S. KONZO.....	77
Ratio of Opening of Fan Performance in Terms of Direct Pressure-Quantity Relations, by G. E. McELROY.....	233
REID, H. P., Discussion on Additional Coefficients of Heat Transfer as Meas- ured under Natural Weather Conditions.....	161
Discussion on Experiments on the Effect of Surface Paints on Radiator Performance .....	133
Relations, Ratio of Opening of Fan Performance in Terms of Direct Pres- sure-Quantity, by G. E. McELROY.....	233
Report of A.S.H.&V.E. Continuing Committee Codes for Testing and Rating Steam Heating Solid Fuel Boilers .....	344
Certified Public Accountant.....	4
Committee on Heating and Ventilating Garages.....	355
Committee on Rating Low-Pressure Heating Boilers.....	12
Discussion on .....	17
Committee on Research.....	10
Council .....	2
Endowment Fund Committee.....	320
Exposition Committee .....	358
Guide Publication Committee.....	32
Secretary .....	3
Tellers of Election.....	1

Residence Heated by Warm Air, Analysis of the Over-All Efficiency of a, by A. P. KRATZ AND J. F. QUEREAU.....	361
Resistance of Air Spaces, Thermal, by F. B. ROWLEY AND A. B. ALGREN.....	165
RICE, W. E., AND NICHOLLS, P., Errors in the Measurement of the Temperature of Flue Gases.....	473
RILEY, C. L., Discussion on Time Lag as a Factor in Heating Engineering Prac- tice .....	551
ROBB, J. M., Discussion on Amendments to the Constitution and By-Laws.....	40
Rooms with Direct Steam Radiators Equipped with Enclosures and Shields, Investigation of Heating, by A. C. WILLARD, A. P. KRATZ, M. K. FAHNESTOCK AND S. KONZO .....	77
ROSENBAUGH, R. G., Discussion on Heating with Steam Below Atmospheric Pressure .....	230
ROWE, W. A., Discussion on Heat and Air Volume Output of Unit Heaters....	470
Discussion on Instruments for the Measurement of Air Velocity.....	515
ROWLEY, F. B., Discussion on Additional Coefficients of Heat Transfer as Meas- ured under Natural Weather Conditions.....	163
Discussion on Determining the Quantity of Dust in Air by Impingement.....	497, 498
Discussion on Experiments on the Effect of Surface Paints on Radiator Performance .....	133
Discussion on Five Suggested Methods of Appraising Insulations.....	535
Discussion on Over-All Heat Transmission Coefficients Obtained by Tests and by Calculation.....	456
Discussion on Thermal Resistance of Air Spaces.....	180
ROWLEY, F. B., ALGREN, A. B., AND BLACKSHAW, J. L., Over-All Heat Trans- mission Coefficients Obtained by Tests and by Calculation.....	443
ROWLEY, F. B., AND ALGREN, A. B., Thermal Resistance of Air Spaces.....	165
ROWLEY, F. B., AND BEAL, JOHN, Determining the Quantity of Dust in Air by Impingement .....	483
ROYER, E. B., Discussion on Experiments on the Effect of Surface Paints on Radiator Performance.....	134
Discussion on Laundry, Kitchen and Hospital Equipment.....	75
RUSSELL, H. C., Laundry, Kitchen and Hospital Equipment.....	45
ST. JOHN, J. S., Discussion on Cooling and Humidifying of Buildings.....	313
SANFORD, S. S., Discussion on Air Conditioning System of a Detroit Office Building .....	395
SCHWEIM, H. J., Discussion on Five Suggested Methods of Appraising In- sulations .....	532
Semi-Annual Meeting, 1929.....	319
Shields, Investigation of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and, by A. C. WILLARD, A. P. KRATZ, M. K. FAHNE- STOCK AND S. KONZO.....	77
SHODRON, J. D., Discussion on Five Suggested Methods of Appraising Insulations	537
Sizes for Hot Water Heating Systems, Pipe, by F. E. GIESECKE AND E. G. SMITH .....	419
SMITH, E. G., AND GIESECKE, F. E., Pipe Sizes for Hot Water Heating Systems	419
SMITH, L. L., AND WALTON, H. L., Air Conditioning System of a Detroit Office Building .....	377
Spaces, Thermal Resistance of Air, by F. B. ROWLEY AND A. B. ALGREN.....	165

Standard and Short Form Heat Balance Codes for Testing Low-Pressure	
Steam Heating Solid Fuel Boilers.....	322
Steam Below Atmospheric Pressure, Heating with, by C. A. THINN.....	211
Steam Radiators Equipped with Enclosures and Shields, Investigation of Heating Rooms with Direct, by A. C. WILLARD, A. P. KRATZ, M. K. FAHNE-STOCK AND S. KONZO.....	77
Suggested Methods of Appraising Insulations, Five, by P. D. CLOSE.....	519
Summer Comfort Zone: Climate and Clothing, The, by C. P. YAGLOU AND PHILIP DRINKER.....	269
Discussion on.....	283
Supply Branches for One- and Two-Pipe Systems, Capacity of Radiator, by F. C. HOUGHTEN, M. E. O'CONNELL AND CARL GUTBERLET.....	399
Surface Paints on Radiator Performance, Experiments on the Effect of, by C. H. FESSENDEN AND AXEL MARIN.....	119
SWIFT, C. K., Discussion on Over-All Heat Transmission Coefficients Obtained by Tests and by Calculation.....	455
Discussion on Thermal Resistance of Air Spaces.....	179
System of a Detroit Office Building, Air Conditioning, by H. L. WALTON AND L. L. SMITH.....	377
Systems, Application of Oil Burners to Various Types of Domestic Heating, by J. H. McILVAINE.....	195
Systems, Capacity of Radiator Supply Branches for One- and Two-Pipe, by F. C. HOUGHTEN, M. E. O'CONNELL AND CARL GUTBERLET.....	399
Systems, Pipe Sizes for Hot Water Heating, by F. E. GIESECKE AND E. G. SMITH.....	419
TEAGUE, W. W., MILLER, W. ED., YANT, W. P., AND HOUGHTEN, F. C., Heat and Moisture Losses from the Human Body and Their Relation to Air Conditioning Problems.....	245
Temperature of Flue Gases, Errors in the Measurement of the, by P. NICHOLLS AND W. E. RICE.....	473
Tests and by Calculation, Over-All Heat Transmission Coefficients Obtained by, by F. B. ROWLEY, A. B. ALGREN AND J. L. BLACKSHAW.....	443
Thermal Resistance of Air Spaces, by F. B. ROWLEY AND A. B. ALGREN.....	165
Discussion on.....	175
THINN, C. A., Heating with Steam Below Atmospheric Pressure.....	211
Discussion on.....	223, 224, 225, 226, 230, 232
Thirty-Fifth Annual Meeting, 1929.....	1
Time Lag as a Factor in Heating Engineering Practice, by JAMES GOVAN.....	539
Discussion on.....	550
TOMLINSON, M. C. W., Low Humidity Psychrometric Charts.....	287
Discussion on Cooling and Humidifying of Buildings.....	314
TRANE, R. N., Discussion on Investigation of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and Shields.....	101
Transfer as Measured under Natural Weather Conditions, Additional Coefficients of Heat, by F. C. HOUGHTEN, CARL GUTBERLET AND C. G. F. ZOBEL... ..	151
Transmission Coefficients Obtained by Tests and by Calculation, Over-All Heat, by F. B. ROWLEY, A. B. ALGREN AND J. L. BLACKSHAW.....	443
Two-Pipe Systems, Capacity of Radiator Supply Branches for One- and, by F. C. HOUGHTEN, M. E. O'CONNELL AND CARL GUTBERLET.....	399

Unit Heaters, Heat and Air Volume Output of, by L. S. O'BANNON.....	457
Velocity, Instruments for the Measurement of Air, by J. H. PARKIN.....	499
Volume Output of Unit Heaters, Heat and Air, by L. S. O'BANNON.....	457
Wall Construction, Air Infiltration Through Various Types of Brick, by G. L. LARSON, C. BRAATZ AND D. W. NELSON.....	183
WALTON, H. L., Discussion on Air Conditioning System of a Detroit Office Building .....	391, 395
Discussion on Analysis of the Over-All Efficiency of a Residence Heated by Warm Air.....	376
WALTON, H. L., AND SMITH, L. L., Air Conditioning System of a Detroit Office Building .....	377
Warm Air, Analysis of the Over-All Efficiency of a Residence Heated by, by A. P. KRATZ AND J. F. QUEREAU.....	361
Water Heating Systems, Pipe Sizes for Hot, by F. E. GIESECKE AND E. G. SMITH .....	419
WATSON, M. BARRY, Discussion on Experiments on the Effect of Surface Paints on Radiator Performance.....	134
Weather Conditions, Additional Coefficients of Heat Transfer as Measured under Natural, by F. C. HOUGHTEN, CARL GUTBERLET AND C. G. F. ZOBEL .....	151
WEST, PERRY, Discussion on Capacity of Radiator Supply Branches for One- and Two-Pipe Systems.....	416
WHELLER, H. S., Discussion on Heat and Air Volume Output of Unit Heaters..	469
WILLARD, A. C., Discussion on Amendments to the Constitution and By-Laws..	39, 41
Discussion on Experiments on the Effect of Surface Paints on Radiator Performance .....	136
Discussion on Heat and Moisture Losses from the Human Body and Their Relation to Air Conditioning Problems.....	267
Discussion on Investigation of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and Shields.....	100, 110, 115
Discussion on Report of Committee on Rating Low-Pressure Heating Boilers .....	20, 21, 27, 29, 31
WILLARD, A. C., KRATZ, A. P., FAHNESTOCK, M. K., AND KONZO, S., Investigation of Heating Rooms with Direct Steam Radiators Equipped with Enclosures and Shields.....	77
Windows, Frost and Condensation on, by L. W. LEONHARD AND J. A. GRANT..	295
YAGLOU, C. P., Discussion on The Summer Comfort Zone: Climate and Clothing .....	286
YAGLOU, C. P., AND DRINKER, PHILIP, The Summer Comfort Zone: Climate and Clothing .....	269
YANT, W. P., HOUGHTEN, F. C., TEAGUE, W. W., AND MILLER, W. ED., Heat and Moisture Losses from the Human Body and Their Relation to Air Conditioning Problems.....	245
ZOBEL, C. G. F., HOUGHTEN, F. C., AND GUTBERLET, CARL, Additional Coefficients of Heat Transfer as Measured under Natural Weather Conditions.....	151
Zone: Climate and Clothing, The Summer Comfort, by C. P. YAGLOU AND PHILIP DRINKER.....	269
